# Carbon alive!

## Lesson 1: Agree or disagree? – Group worksheet

### Activity 1:

The person and the seedling are both living things.

Agree?

Disagree?

Not sure?

The person and the seedling would both look very similar if you looked at them very close up.

Agree?

Disagree?

Not sure?

The person and the seedling are made up of the same basic materials but in different combinations that look different.

Agree?

Disagree?

Not sure?

## Activity 2: Group worksheet

### A seedling and a person

How are they alike?

How are they different?

## Activity 3: Group worksheet

Our thoughts and ideas about how things grow

## Activity 4: Watch me grow – Student worksheet

A seedling

Younger	Now	Older
		

Me
