What have we learned?

Lesson 8: Student worksheet

Introduction

In this lesson you will be reviewing what you have learned about plants and culture throughout this unit. You will be putting together a *Who wants to be a Millionaire?* game in a group, and then playing the games together as a class.

Activity 1: Who wants to be a Millionaire?

Step 1: Prepare your questions and answers

Each group will need to come up with 11 questions.

Number	Question
1	
2	
3	
4	
5	
6	
7	
8	
9	
10	
11	

In the game *Who wants to be a Millionaire?* there are always four possible answers, one correct answer and three incorrect answers. Enter a correct answer and three incorrect answers for each question. You might even want to make some of the incorrect answers funny ones!

	Question	Correct answer	Incorrect answer 1	Incorrect answer 2	Incorrect answer 3
1					
2					
3					
4					
5					
6					
7					
8					
9					
10					
11					

Step 2: Create your PowerPoint presentation

Use the PowerPoint template to enter all your questions, correct answers, and incorrect answers. Make sure you put the correct answer in the box that says Correct answer.

Step 3: Play the game

Your teacher will collect the finished PowerPoint presentations from the groups, and you can play *Who wants to be a Millionaire?* together as a class, using the questions that you have written!

Activity 2: KWHL worksheet

Go back to the *KWHL worksheet* you completed in Lesson 1, and fill in **Q4** about what you have learned.

Q4. Learnt

What have you learnt about plants?

(Do not answer this until you have completed the unit.)

Activity 3: Self review

Try to complete the following sentences to help you reflect on your learning on culture and plants.

During this unit ...

I really liked the way I

I wish I had

I still need to work on

I am most proud of

The tricky part was

I was reminded of

I was able to clearly explain

I can easily remember

I found I needed further help on

I changed the way I
