Lesson 9: Student worksheet

Thinking to the future about place, climate and culture ...

If you could, what would you change in the following circumstances?

1. In your own life

2. In your community

3. In your country

4. Worldwide

What were the issues in this unit that really stood out to you as the most important issues for you? Why?

What steps do you think would need to be taken in order that there is positive change on these issues?

How could you be involved in making this positive change happen?
